

Subject	Art
<p>Intent - At East Stanley School, we believe that Art plays an important role in a broad and balanced curriculum. It facilitates the development of innovative thinking and allows all children to express themselves creatively using a range of techniques and media irrespective of age or ability.</p> <p>The art curriculum aims to cultivate children's critical abilities and understanding of their own and other's cultural history through the study of a diverse range of male and female artists, craft makers and designers past and present.</p> <p>Children will progressively develop their knowledge, skills and visual language of art with effective teaching and balanced sequences of lessons and experiences.</p> <p>Knowledge and understanding of the visual elements of art and design (line, tone, texture, colour, pattern, shape, 3D form) will be developed by providing opportunities, within the curriculum, that will enable all children to reach their full potential.</p>
